Public Works list being narrowed

Wilmington's list of possible projects for the Public Works construction under federal funding is being narrowed by Assistant Town Manager Peter Holzmeister.

Originally composed of nine projects, the list now consists of water department projects as being the only ones really feasible.

Other departments have expressed interest, but Holzmeister has said he doubts if the projects proposed are possible.

George Hooper, Chairman of the Wilmington Housing Authority and Henry Borazzo, the Executive Secretary, appeared before the Selectmen recently seeking encouragement for new housing to be built under that law. The board told them to prepare a list of land parcels owned by the town that would be usable for construction. Holzmeister has expressed doubts that such a project is possible.

Fire ;Fighter John Brown and other members of the Fire Department have been seeking support for a proposal to build a fire substation in the North Wilmington parking lot. Again Holzmeister has expressed his doubts, saying that engineering and environmental impact statements would take the project beyond the 90 day time limit.

To the Wilmington Finance Committee last week Holzmeister said that the most likely of the projects would be the repair and lining of water mains, a project worth $1½ to !2 millions. He reported that easement problems had ruled out new water mains to the industrial area of North Wilmington. The problems stem from a refusal of the Town Meeting to purchase easements in 1975.

Any problem with the title to the land rules out the project.

Holzmeister says that labor intensity on a proposed project was a critical factor in its approval by the federal government. He also reported the unemployment rate in an area would be a consideration, but that the Town had the freedom to define the area to which it belonged, for this statistic.

Holzmeister said that the sewer project was still promising, but that a problem did exist, with a dispute over pollutants being dumped into the sewer. A lawsuit is in progress, and because of it the entire sewer project is halted.

COMMENDED STUDENTS: Two Wilmington High School seniors have been named as commended students in the Merit Program of the National Merit Scholarship Corporation. Kurt Meuller (standing, left) is the son of Mr. and Mrs. Herbert Meuller of 16 Grace Dri., and Andy Blum is the son of Mr. and Mrs. Samuel Blum of 15 Oakridge Cir. Dr. George Eisenberg presented them with certificates of commendation on Thursday.

Students receiving commendation are among 35,000 nationwide, representing the top two per cent of the nation's senior class. Their score was below that of the level required for the 15,00 semi-finalists in the scholarship competition.

Methodist Church completes renovations

The Wilmington United Methodist Church has completed a $20,000 renovation program this week in preparation for the coming of their Sunday morning Church School for the 1976-77 year. Christian education classes for children pre-school through grade six will begin this Sunday from 10 to 11 a.m., concurrent with the second service of Worship.

Renovations this summer have included painting, carpeting, installation of movable walls, and the purchase of new equipment. All Sunday classes will not be housed in the main building since the 92 year old Roberts Building, the former church was razed during this August.

The present church was built in 1957 and was fully paid for in November of 1974. The current improvements will enable the 791 member congregation to make maximum use of their building for all purposes. Boy Scouts, Girl Scouts, Cub Scouts, Alcoholics Anonymous, and Wilmington Women's Club all use the church building regularly, in addition to a full schedule of church groups and organizations.

The Sunday Church School classes are open not only to children of church members, but to the entire community and surrounding towns. There is no tuition charge. The Christian education program is supported entirely by voluntary contributions. Registration will continue through September.

Classes and "growth groups" for youth in junior and senior high school are held at other times during the week in the new church facilities. More information is available by calling the church office any weekday between 9:00 and 3:00 at 658-4519.

The entire public works funding possibility is still questionable according to Holzmeister because Congress has passed the authorization, but has not appropriated the necessary money. That legislation, he reported, is still pending.

Booster Button Night

This Thursday, Sept. 30, between 6:30 and 9 p.m., the Wilmington High School athletic teams will be knocking on doors, selling Booster Buttons for a dollar. This money is used to provide scholarships and jackets for Wilmington student-athletes.

Be a Booster, and Buy a Button. Thanks!

Health Center wins final approval

Final state approval was given Tuesday for construction of the Regional Health Center in Wilmington when the State Public Health Council voted unanimously to accept Choate Hospital's Certificate of Need Application.

Approval came after the Public Health Council had two weeks ago tabled the application based on a challenge to Choate Hospital by a ten taxpayer group representing the Mystic Valley Mental Health Center. Mystic Valley's protest was the result of a dispute between the Mental Health Center and Choate in a matter unrelated to the Regional Health Center. Their objections having been resolved, Mystic Valley withdrew its challenge from the Public Health Council last week.

Choate Hospital officials indicate that construction of the ambulatory care facility may now begin this year. The hospital earlier this year acquired a 24-acre plot of land near the intersection of Routes 93 and 62, the site of the historic Harnden Tavern.

Peter Nagle, Director of Community Development and Relations, said that financing for the health center has been arranged. Other arrangements, he said, were nearly ready to go. He said on Tuesday night that a few phone calls on Wednesday would put into action several arrangements that had been waiting for the state approval.

Nagle estimated that the Regional Health Center in Wilmington would be open in about one year.

Choate Hospital agreed in the Fall of 1975 to take over responsibility for the construction and management of the Regional Health Center when a local group of Wilmington residents had over a 10-year period failed to secure financing for the venture.

"We are delighted," said Choate Hospital President Paul L. Downey. "This is the last step in what has been a lengthy and sometimes painful process." He continued, "We are now looking forward to a full and meaningful relationship with the residents of Wilmington and the surrounding towns to be served by the health center."

The Center's emphasis will be on out-patient and ambulatory care services and will include X-ray, laboratory, social service, physical therapy and some emergency services.

Towns to be served by the Regional Health Center are Andover, Billerica, Burlington, Tewksbury, Woburn, Reading, North Reading and Wilmington.

SHE COULDN"T RESIST: Wilmington High School Band Master Barbara Metty, yeilded to the temptation of playing along with the band at Saturday's football game. The band turned in an excellent performance, drawing comments of admiration from members of the Lawrence band.

School policy: Dry at the High

Wilmington High School Principal George O. Eisenberg has reiterated the Wilmington School Committee Policy that the "consumption of any alcoholic beverages on school property or at school functions is prohibited."

"With the beginning of a new academic and athletic school year," said Dr. Eisenberg, "we want all parents and students to be familiar with one of the basic rules of the school."

Dr. Eisenberg said that the Wilmington Police Department will be asked to strictly enforce this policy for the benefit of those people in attendance at school functions.

CARD OF THANKS

To the editor:

I wish to publicly commend and thank the Wilmington Fire Department for their excellent handling of the crisis which occured a week ago. My husband was severely burned, and their swift handling of the situation (including calming a very upset wife) added much to his comfort and safety. He is now recuperating beautifully, and part of the credit has to go to Wilmington's great Fire Department.

Sincerely yours,
Diane M. Fairbrother

GUS RAISED $49.50: In the Community Fund Walkathon. Gus MacFeeley of Burnap Street was sponsored by the Golden Age Club and several others. Tipping the calendar at 79, he had no problem completing the course, but the next day he said he had a blister.

FIRST TO FINISH: When Jerry DeJongh of Salem Street returned to the Common, Lil Woodside was already there. But she had been there since 6:30, and congratulated Jerry for his hasty completion of the 12-mile route. DeJongh's 1 hour 28 minute run was topped in time by Mickey Grant of Barbara Avenue, who ran the course in approximately 1 hour 15 minutes. Grant, though, started late and finished second behind DeJongh, who is about 20 years older than the just-graduated Grant.

ROCCO WALKING, RON RUNNING: The Walkathon provided an opportunity for Sen. Ron MacKenzie of Burlington to walk and run at the same time. MacKenzie, a candidate for re-election, was the only politician to participate in the walkathon. He came attired in tennis shorts, ready for a match scheduled later in the morning. He is shown walking with Rocco DePasquale as they passed Wildwood Cemetery.

RADIO SUPPORT: for the Community Fund Walkathon was provided by members of the Civil Defense radio group.
In front, from left, Bill Hunter, Harold "Pop" Murray, Bill Cantwell, Paul MacMillim, and Elaine Ahern.
In rear, Mel Cassidy, Mort Grant, Bill Sencabaugh, Marion Whitney and Norm Ely.

HEAVY AIR: Fire Fighter John Brown walked the 12-mile route carrying a 30-pound Scott air pack. He completed the walk, but admitted that the last hill seemed bigger than he'd thought it was. Jane Holbrook, at right, checked him in at the North Wilmington checkpoint.

Letter

Letter to the Town Crier in rebuttal to September 23, 1976 article by Michael Yancino on Question No. Five.

Question No. Five is anti-crime legislation designed to reduce the availability of concealable handguns (under 16" long) to criminals, potential criminals and private citizens alike. The concealable nature of handguns permits criminals to utilize the element of surprise, a major factor in most crimes.

Please note that private citizens can still defend themselves and sportsmen can still hunt because shotguns and rifles (over 16" long) are not affected by Question No. Five.

Less handguns will reduce crime. Marginal criminals can be eliminated. If only hardened criminals have handguns, then let the guns identify what they are!!!

Present handgun laws are not effective because they are too easily circumvented or because they cannot be adequately enforced.

While private citizens will be denied the pleasure of handguns or the psychological protection they provide, this seems a small price to pay for the many lives that will be saved along with the reduced number of robberies.

Also, privately owned handguns often result in accidental killings. When homes are robbed these same handguns are stolen, and this results in additional and more serious crimes.

Boston Police Commissioner, Robert DeGrazia, one of the most progressive law enforcement officials in this country, endorsed this legislation.

You can help. Vote "Yes" on Question No. Five to make this country safer for our families and our children's children.

Robert Soderholm aboard USS Virginia

Navy Electrician's Mate Second Class Robert W. Soderholm, 22, son of Mr. and Mrs. Kenneth R. Soderholm of 28 Veranda Ave., Wilmington, is a crewmember aboard the Navy's newest nuclear-powered guided missile cruiser.

The USS Virginia was commissioned Sept. 11 at the Norfalk, Va. Naval Station.

Virginia Senator Harry F. Byrd, Jr., was the guest speaker for the commissioning and ship's sponsor was Miss Virginia Warner, daughter of the former Navy Secretary John W. Warner.

Soderholm is one of more than 470 officers and enlisted men assigned to the Virginia. His ship is a multi-purpose design, capable of conducting surface, anti-air and anti-submarine warfare. She is equipped with a fully integrated combat weapons system, which includes torpedoes and rapid fire guns in addition to her missiles.

The Virginia is the first ship in its class and eighth to bear the name of the Commonwealth of Virginia. Five of the previous Virginias were ships of the fleet dating back to 1777. The other two were Confederate States ships, the most famous of which was the CSS Virginia. Originally named the Merrimack, the CCS Virginia's duel with the USS Monitor was the first battle between seagoing ironclads in history.

Soderholm's ship is 585 feet long, displaces 11,000 tons and can reach speeds in excess of 30 knots.

A 1972 graduate of Chhannel Islands High School, Oxnard, Calif., he joined the Navy in October 1972. His ship will be homeported in Norfolk, Va.

Fitch paces Wildcats 27 - 0

Gordie Fitch ran for three touchdowns and had his second consecutive 100 yard game as Wilmington pelted Lawrence 27 - 0.

It was Fitch and the defense as Gordie ran for 153 yards in 12 carries while the big blue defense held the Lancers to just four yards rushing the entire game.

After a scoreless opening quarter the Wildcats scored early in the second game as Fitch barreled in from the nine, topping of an eight play 74 yard drive.

Lawrence bogged down and were forced to punt with Wilmington taking over on the Lawrence 40.

Two fine runs by Bob Sferrazza and a nine yard run by Fitch put the ball on the nine yard line. Gordie scored on the next play, only to have it called back on a penalty.

Two plays later quarterback Jim Stewart hit Sferrazza for a 14 yard score and a 14 - 0 halftime lead.

In the third quarter the Lancers had their only ball movement of the day snuffed out as Jim Stewart intercepted on the Wildcat 41.

Three plays later Fitch rambled in from 36 yards out and a 21 - 0 bulge.

After an exchange of turnovers Dave Rounds recovered a loose ball on the Lawrence five. From there it was Fitch again on a six yard burst. Stewart's kick was blocked for a final of 27 - 0.

In the fourth quarter neither team scored as the JV offense and defense saw some action with Tim Moran and Sal Carbone running the ball well.

The entire defense line and offense line played well as the defense has given up only six points in 84 yards on the ground in two games while the offense line opened up holes in for both Fitch and Sferrazza. The offense has gained 552 yards rushing in just two games.

In the stat department: Passing Jim Stewart was two for seven and had one interception for 41 yards; Lawrence went 5 - 8 for 77 yards and two interceptions. First downs the Wildcats held a 13 - 6 advantage. Overall Wilmington had 298 yards total offense compared to 81 yards for the Lancers. Saturday Wilmington journeys to Chelmsford looking for a third straight win.

Summary

Fitch, nine yard run. Stewart kick; Sferrazza, 14 yard pass from Stewart, Stewart kick; fitch 36 yard run, Stewart kick; Fitch six yard run, kick blocked.

Fitch Player of the Week

Wilmington High School fullback Gordie Fitch has been named the Boston Globe's Division Two offensive player of the week for his brilliant performance in last week's game against the Lawrence Lancers. Fitch scored three touchdowns while gaining 153 yards in 12 carries. His longest touchdown jaunt went for 36 yards.

JIM STEWART ROLLS OUT: And elects to run with blocking help from junior Tom Bavota (77) and fullback Gordie Fitch (34).

The loss was the 11th straight for the Rams.

MVC forecast

Wildcats take on young Lions

The Wilmington and Tewksbury High School football squads look to stretch their perfect records this Saturday in the second week of Merrimack Valley Conference play.

Coach Fred Bellissimo's Wildcats travel to Chelmsford to take on Tom Caitos' young Chelmsford Lions.

Chelmsford's sophomores have done surprisingly well in their first two varsity contests. The Lions dropped Lowell 24 - 12 in the non-league opener before losing a tough defensive struggle to Dracut last week. The Wildcats have been awesome in their first two tilts.

Coach John Kelleher's improved Lawrence Lancers will face the surprising Tewksbury team that has impressed on offense in winning their first two games. Last week the Redmen held on to nip Billerica while the Lancers were buried by the Wildcats at Wilmington. The Wilmington offense totally dominated what is an improved Lawrence defense. The Tewksbury backfield of Jay Petros, Rick Billings and Gene Roux had fine games against Billerica and the offensive line continued to surprise with another fine performance.

This week's forecast is highlighted by the top game of the week - Methuen at Andover. Lawrence Central got by last week..Andover started well in defense of their MVC title with a 20 - 0 blanking of winless Austin Prep. Last week's record - four right; one wrong. This week's games:

Lawrence at Tewksbury...Lawrence is coming off a drubbing at the hands of Wilmington while Tewksbury is off to the excellent start of last year. The Redmen defense let down in the Billerica game as they saw a 20 - 0 lead evaporate quickly. The Lancer defense is improved and they have a pair of excellent offensive performers in quarterback Tom Hambleton and fullback Tony Grillo. The deciding factor in this game will be the ability of the TMHS defense (especially the line play) to come back after a weak performance against Billerica. The Redmen backfield of Billings, Roux, and Jay Petros will probably give Lawrence fits.

A tough game if Lawrence can come out fast against an excellent first half team...**Tewksbury by 7 points.**

Wilmington at Chelmsford...The Wildcats have looked unbeatable in their first two contests thanks mainly to a ball-control attack and good interior line play both offensively and defensively.

Chelmsford's offense stumbled against Dracut as the Lions young backfield did not play well. Chelmsford could generate just one yard total offense in the first half against Dracut. Most impressive Lion runner was Joe Sullivan who did the bulk of the running on the Chelmsford scoring march that opened the second half.

Wilmington should be able to exploit the inexperience the Lions have at key positions defensively.

Chelmsford's offense probably will have trouble moving against the punishing Wildcat defense...**Wilmington by 14 points.**

Methuen at Andover...Methuen showed an explosive offense against Central, but the Ranger defense is porous and should be exploited by Andover's "run and shoot" offense. Methuen quarterback Tim St. Paul finally proved that he could run a potent attack. Andover shutout Austin Prep 20 - 0 in their opener last week.

Best game of the week in MVC...**Andover by 7 points.**

Billerica at Austin Prep...Winner of this game could avoid the MVC basement. Austin has not scored in the first two MVC games with Lawrence and Andover. Billerica quarterback Pete Coppinger runs the option well and he should have a good game against the Cougars.

Billerica will be without their best runner, Gary Guarino, who suffered torn knee ligaments against Tewksbury. Billerica's defense is small up front, but they are quick getting to the football.

The Indians are wracked by early season injuries so Austin could make a game of it...**Billerica by 10 points.**

Dracut at Lawrence Central...Coach Ed Murphy's Dracut Middies have already begun surprising opponents as the defense devoured Chelmsford in last week's 8 - 6 win.

That Dracut defense will receive the ultimate test against the Central offense and rifle-armed quarterback Paul Shimkonis...**Central by 14 points.**

Squirt B

The B's opened their season on September 18 at the Danvers Twin Rinks with a strong win over a smaller Malden team.

The scoring was led by Jay Barrett with four goals and Billy Woods with a hat trick. Other lamplighters were Florio (two), Richta (two), Coolberth (two), Buzzell, Lux, and Richards all scoring once. Goaltenders Brian Surette and Billy Wolfe played a strong shutout game.

September 19 at the Wilmington rink against a strong Manchester, N.H. team Jay Barrett got his second hat trick in as many days. David Richards and David Buzzell also lit the lamp for the 5 - 1 victory. The defense was led by Billy Woods and he was outstanding. Billy Wolfe and Brian Surette turned away 24 shots, many of them real testers.

On September 25 at the Danvers rink the B's fought a strong Hamilton-Wenham team to a 1 - 0 victory.

A second period goal by Jay Barrett was enough to ice the game. The defense of McFadyen, Costantino, Woods and Mike Newhouse held the opposition to preserve the shutout for goaltenders Surette and Wolfe.

September 26 at the Wilmington rink the B's came from behind to tie a fast skating Lowell team 3 - 3.

Doug Coolberth opened the scoring for the home team with four minutes gone in the second period.

David Florio scored with less than two minutes to go bringing the score up to 2 - 3. Then with 58 seconds to go, Scott Poole blasted home a rebound from Florio to make it a 3 - 3 tie.

In this seat squirmer goaltenders Wolfe and Surette turned away many shots that will long be remembered.

Bantam BI

September 22: For the opening game of the Wilmington season, the Bantam BI's bombed South Boston 15 - 0. The B;s began the game without a goaltender but Gordon Smith as the sixth man, stopped two Southie scoring bids holding out until John Holmes, called at the last minute, rushed onto the ice to guard the B;s net.

With excellent passing and skating, Joe Duggan's team dominated the ice. Scoring saw Keith Ford, three goals and three assists; Mike Stokes three and one; Keith MacDonald and Rick Zambernardi two and two; Gordon Smith and Don Foley, one and two; Joby Duggan two goals; Ken MacMullen one and one; John Murphy and Mark Portenza, three assists; Bob Lowney two assists; plus one assist each to Fran Turner and Doug Wiberg.

September 25: Revere was the opponent at Danvers as once again the BI's romped to a 14 - 1 win. Three hat tricks were scored as once again passing was the name of the game. Scoring for the game saw Keith Ford three goals and three assists; Keith MacDonald three and two; Fran Turner one and three; Don Foley three goals; Bob Lowney, Mark Potenza and Gordon Smith one and one; two assists each to Ken MacMullen and Rick Zambernardi and three assists to Mike Stokes.

The next games are Saturday, 8 p.m. at Danvers vs Pentucket and Sunday, 3:20 p.m. at Wilmington vs. Manchester, N.H.

Wildcats soccer team leads

Tuesday, Sept. 17: The Wildcats overpowered first year club Austin Prep 4 - 2 at North Intermediate field. Senior Jim Logan booted in the first score on a penalty shot in period number one.

Logan picked up an assist with a corner kick converted by Tri-Capt. Scott Lane for the second goal.

Wilmington scored twice in the third period on a direct kick by Logan who also set up a corner kick score by junior Eric Wood. Coach Lentine substituted heavily in the second and fourth periods as everyone saw action for WHS.

Friday, Sept. 24: Wilmington stretched the two season unbeaten string to 17 games (16-0-1) with a 4 - 1 drubbing of Andover. Junior Tom Stewart's three goal hat trick led the way. Senior Jim Logan notched his third goal in two games on a solo direct kick. Eric Wood and Logan assisted on two of the three goals by Tom Stewart. Goalie Pete McMillan was outstanding in the net.

The Wildcats have managed to stay on the winning track without the services of Tri-capt's Steve Winchell and Dave McMillan, both sidelined with injuries.

Austin sports

Cougar squads suffer double setback

The Austin Cougars were kept caged last week as both the football and soccer squads suffered setbacks at the hands of Merrimack Converence opponents.

The soccer squad lost a well-played contest to Wilmington High School last Tuesday by a 4 - 2 score. John Holland and Brendan Trainor were the lads credited with single tallies against the strong Wildcats. Wilmington (4-0) is undefeated in conference play. Until the Austin match they had been unscored upon.

Last Friday St. John's of Danvers bested the Austin team 4 - 0. St. John's appeared to be too polished and too experienced for the "green" Cougar booters. Despite good efforts by Bill Gallagher (Wilmington), Ken McKeen, Chris Murphy, Jim Parolin and Tom Mansour, Austin was unable to penetrate the St. John's defense.

Coach Jim Kelley's soccer squad is now 1 - 3. They are gaining poise and experience with each game played.

Last Saturday, State Division II defending champions Andover administered a second straight blanking to a punchless Austin Cougar football squad by a 20 - 0 score. The Andover Golden Warriors scored a touchdown in the first, second, and third periods. Paul Derby's conversion kick failed after the first touchdown; however he was successful on his other two attempts.

The game got off to a slow start as both teams were unable to mount offensive drives Paul Tucker, Tony Santullo, Tri-Captain Mark Govoni and Tri-Captain Steve Burke quickly made it evident that they were solid defensive players. They were ever-present to stymie the visitor's running and aerial game. In turn the Andover defense completely bottled up the Austin offense. Only Tony Santullo's good punting kept the Warriors at bay.

Midway through the first period, as Andover's Jerry Stabile went back to kick, the snap from center sailed over his head. Stabile was able to run back, gather in the errant football and race 49 yards to the Austin 20 yard line. A broken play that might have given Austin an early break didn't pan out. The Cougars held here and forced a turnover. Once again the home team could not make any gains. They were forced to kick the football away. On the second play from scrimmage, following the Austin kick, Jon Pizzaro, burly Andover halfback, found running room as he raced 45 yards for a score. The conversion kick failed; however Andover was on the scoreboard with a 6 - 0 lead.

In the second period Andover was able to move the ball. However, their drives fell short. Fumbles, penalties and failure to make crucial first downs forced turnovers. Austin ground and aerial defense play tought most of the way. Just before the half ended, an Austin defensive lapse permitted Mitch Rousseau to make connection with Rick Collins for a second Andover score. The conversion kick by Paul Derby was good. The Golden Warriors went into the locker room with a 13 - 0 advantage.

The second half was almost a standoff. Austin was able to hold off Andover when they had to. On the other hand the home team Cougars could not mount an effective offense.. Time after time their backs were stopped at the line of scrimmage. Only the kicking of Tony Santullo kept Austin from disaster..

The visiting Warriors did post oe more touchdown. Mitch Rousseau pitched to Dan Welch on a halfback option. Welch in turn elected to pass to Jerry Stabile 35 yards down the sidelines. Stabile ran the remaining distance for the score. The play covered 70 yards from the line of scrimmage. Paul Derby's conversion kick split the uprights.

Austin's record is now 0 - 2 in Merrimack Conference play. Next Saturday the Cougars will entertain Billerica High School at the Fr. Seymour Field, game time 1:30 p.m. Since Billerica has dropped games to Catholic Memorial and Tewksbury, they will come into Saturday's game with an identical record with Austin. This should be a great battle as both teams seek their first win.

Cross country team wins again

The Wilmington Wildcat harriers won their second straight meet last Saturday, to run its record to 2 - 0, as they whipped Chelmsford 26 - 29.

It looks as if Wilmington would have an easy time of winning at first as they grabbed the first two places and three out of the first four with Dana Spring winning and tieing Chelmsford's course record of 32:46.

Chris Burke was next in line for Wilmington taking second place in 13:18 and Greg Hancox was fourth in 13:35. Chelmsford took fifth and sixth, but Ken Aalerude took seventh.

Then an avalanche of Chelmsford runners came through, they took eighth through 13th place before Gary Gable finally finished out Wilmington's scoring taking 14th place with Billing Cunningham half a step behind in 15th place.

Wilmington lost the freshman, JV and girls race despite Beth LaFavour's first place effort.

Wilmington hosts Austin Prep on Tuesday, and Andover on Thursday as they try to keep their perfect record intact.

Chestnut St. main has priority

DECIDING WATER MAIN PRIORITIES: Assistant Town Manager Peter Holzmeister, Thursday night, meeting with the Water Commissioners to discuss the Federal Work Program.
At left is Chairman George Allan, then Arnold Blake, Holzmeister and Arthur Blake.

When Work starts, in Wilmington, sometime after January 15, in the Public Works Employment Act of 1976 program, the highest priority is to be for the installation of a new water main along Chestnut Street so as to connect Wilmington's two standpipes with a 12 inch main. One of the standpipes is off Hillside Way, overlooking Chestnut Street, while the other is on Kelly's Hill, overlooking Wilmington Square.

At present only eight inch water mains connect the two standpipes. The Water Commissioners have long wanted to have a 12 inch main, so as to better equalize water pressure throughout the town. The more equal pressure will ensure better distribution of water, for homes and for fire fighting purposes.

Plans have been ready for a long time, but the commissioners felt they could not spend the money.

Thursday night they felt, in a meeting with Asst. Town Manager Peter Holzmeister, that installation of water mains is more important from an employment view, rather than cement lining of some water mains which are becoming rusty. Half the money spent in the installation of water mains is for labor. Only 20 per cent of the money spent in cement lining is for labor.

The second priority, as decided last Thursday, goes to the installation of a new water main along Middlesex Avenue, to connect the pumping station at Brown's Crossing to the Kelly Hill standpipe. Third priority goes to the installation of a new water main along Woburn Street, to get better water pressure in South Wilmington's industrial areas.

Housing for the elderly?

Elsewhere in this issue it is related that the Wilmington Water Department has decided on its priorities, for the work to be performed when and if money is appropriated by Congress for the Public Works Employment Act of 1976.

The Act has been passed. The country is waiting for Congress and President Ford to put up $4 billions or so. Priority is to be given to work proposals that have a lot of labor in them.

This is what the Water Commissioner's used as a criterion.

Two weeks ago George Hooper and other persons associated with the Wilmington Housing Authority, or housing for the elderly, were at the selectmen's meeting. They were trying to get Housing for the Elderly, as a Wilmington project for the Public Works Employment Act of 1976.

The Water Commissioners, it can be noted, had plans already. They have no questions about the Environmental problem. They have no problems with ownership of the land. You dig up the street, and then fill in the hole after the pipe is laid.

With a Housing Project there are problems. There must, or maybe there must be an Environmental Survey. There must be plans.

That was the rub. The selectmen regarded the problem one way, and Hooper looked at it in another.

The selectmen figure that the thing to do is to take the plans down off the shelf - all worked out. The environmental survey, too, can be a problem. They don't see it as an easy task to get approval of a housing project, in the limited time that seems to be available.

Mr. Hooper's viewpoint is different.

Admittedly, he says, there could be environmental problems, but the answer for that can be found in several ways. One way, he suggested, was to erect more housing at Deming Way, where the present Housing for the Elderly is located. There is a few acres or so available, and Hooper suggests two story buildings.

He also talks of the possibility of making the present buildings into two story buildings.

But for the first - he has an answer. Other places have built Housing for the Elderly, recently. Tewksbury, for example.

Mr. Hooper suggests to use the already approved plans of one of the other projects - with, of course, the permission of the architect.

Where there is a will there is a way, is the argument of George Hooper.

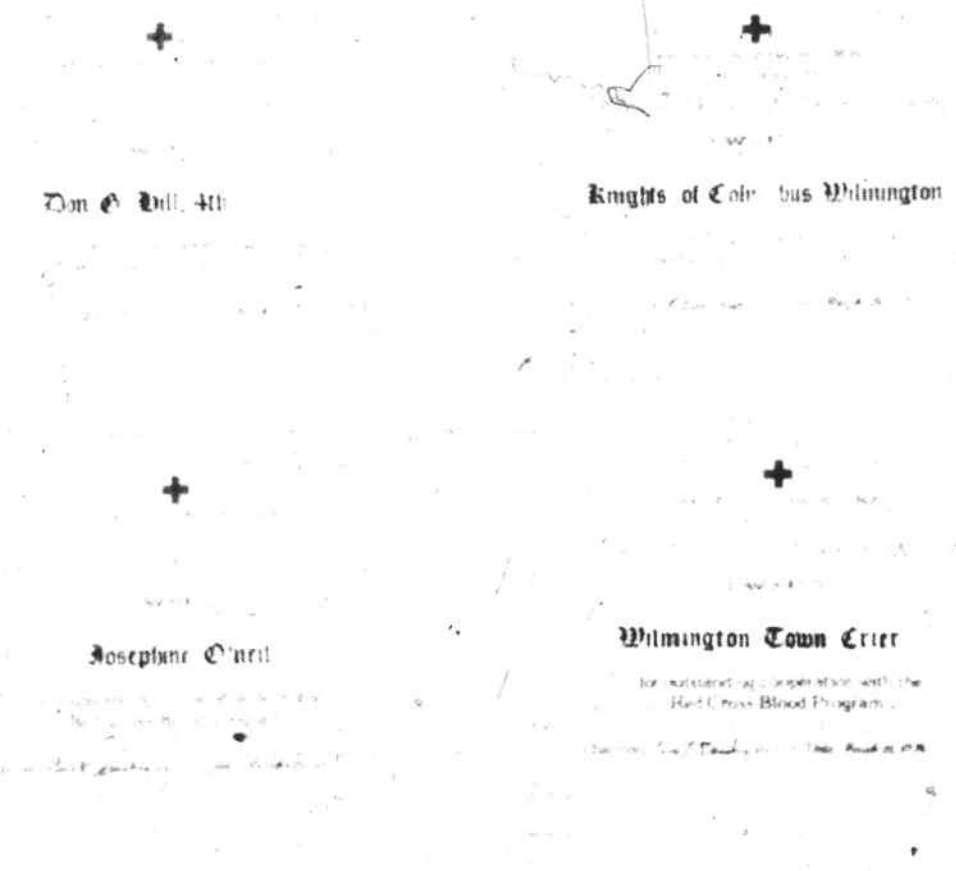
POP WARNER AT BOSTON UNIVERSITY: But the te n-year-olds weren't playing in the college circuit. They were at B.U.'s Nickerson Field on Friday along with other Wilmington representatives, including the Veterans of Foreign Wars, the Knights of Columbus, the Citations Drum and Bugle Corps, and the Crusaders Drum and Bugle Corps.

It was Shriners' night at B.U., and the Wilmington group was invited by Wilmington's Shrinter contingent, the Alleppo Temple.



THEY ALSO SERVE: Bloodmobile commendations, from the American Red Cross, which were on exhibit last week at the Fire Station.

Cincotta to visit tomorrow

Wilmington is to have a guest Thursday evening. To put it more practically, Wilmington Republicans are to have a guest at their regular meeting, in the Legion Hall, Thursday evening.

The guest is named Cincotta. That's a name that is hardly known. He is a candidate for County Commissioner - the Republican candidate.

Carl J. Cincotta is 26 years old, a City Councillor in Waltham, and he is running for office as a County Commissioner because he wants to abolish County government in Massachusetts. That's enough to make an ordinary voter say in incredulous tones "What?"

Middlesex County, Cincotta reports, is "nothing more than a job bank for political hacks." His picture is that the County Commissioners operate a patronage system that has no equal and no justification, and this on the basis of one meeting a week - for which they are paid $9500 a year.

If he is elected, he says, he will file legislation calling for a state takeover of nearly all the functions of county government. He will visit every board of selectmen, and every city council with his message.
